

RINK BRUSH SPREADERS

topdressing

Rink 1210

The Rink 1210 has low sides, for easy refilling and ensures the operator has a good rear view.

The Dry-sand plate ensures extra accurate spreading.

The Rink 1520 can spread extremely accurate.

Optional: the Rink 1520 can be equipped with 4 small pivoting tyres.

Rink 1520

Rink 1622

The Rink 1622 is extra wide (2m working width) so that less passes are needed.

Rink 3045

The Rink 3045 has a capacity of 4,5m³.
